Dear Valued Customer,

In July 2010, President Obama signed into law the Wall Street Reform and Consumer Protection Act, also known as the Dodd-Frank Act. This act imposes new requirements relating to “Conflict Minerals”.

“Specifically, Section 1502 of the Act imposes on the Securities and Exchange Commission (SEC) reporting requirements upon publicly-traded companies whose products contain metals derived from minerals defined as “Conflict Minerals,” or minerals mined from the areas in or near the Democratic Republic of the Congo identified in the law as tantalum, tin, tungsten and gold.

Link to the Final SEC Rules for Conflict Minerals portion of the Dodd-Frank Act.
<http://sec.gov/rules/final/2012/34-67716.pdf>.

ADC, while not a publically traded company, still feels it is in our best interest to let our customers know if any of the products we supply contain any of these conflict materials.

All of the products supplied to you by ADC are DRC Conflict Free. We do not knowingly sell products containing any of the listed minerals nor did any minerals used by ADC knowingly come from any conflict country, NOR did they come from any country assisting any of the forces in those countries.

If you have any further questions or concerns, please contact your sales representative.

Sincerely;

Steve Tant
